“FIRSTPOINT USA GIVES YOU THE BACKING TO BE RECOGNISED AND STAND OUT AMONGST SOME OF THE BEST SWIMMERS IN THE WORLD”.

Adam Spawton

Former US College swimmer.

If you're between 15 and 22 and want to take your talent for swimming to the next level - and gain an internationally recognised degree - a US scholarship through FirstPoint USA offers incredible opportunities.

US colleges are the breeding ground for tomorrow's greatest champions. Michael Phelps and Dana Vollmer are just two of the big names to come through the college system. And no less than a third of the medals won in the pool at the 2012 Olympics went to American swimming scholarship graduates.

Competition is tough, but students with enough talent and dedication can benefit from world-class training, with the most successful representing their universities at intercollegiate and even national level.

A personal service from the NCAA, NAIA and AIRC accredited global leader in US scholarship recruitment.

As the world leader in securing US sport scholarships, FirstPoint USA has helped thousands of male and female students pursue their talent for swimming and academia, taking away a time-consuming and complex process.

We'll work with you and your family to find the right balance - academically, athletically and culturally. Then we'll promote you to the right coaches, who will look at your videos and check in with us regularly. Our swimming experts will be on-hand throughout the whole scholarship process to help you and your family make the most of this life-changing opportunity.
